

Funding Agency	   <p>United Nations University through EU</p>
Title	<p>The Fara'a and Jerash Integrated Watershed Management</p>
Objectives	<p>This project is being implemented by the Jordanian Ministry of Environment (MoEN) and the Palestinian Environment Quality Authority (EQA) and a number of consultant including United Nations University (UNU). HWE is contracted by UNU to conduct the following:</p> <ul style="list-style-type: none"> • Revise implementation work plans. • Provide overall supervision and monitoring of implementation. • Formulate watershed themes that need to be addressed in the IWMP with emphasis on water resources, social and economic horizons. • Assist in raising awareness towards the project and IWMP. • Assist in the dissemination of the project activities and results on the local level. • Conduct on-the-job-training for the involved staff.
Project Partners	<p>See website</p>

Project Outputs
